#### **Other experiences and skills:**

- As Animation Manager, I realized several comic sketches and musicals with backing tracks made by me both for live sing and recorded with the voices of the performers, everything realized on place. Also, I organized different evenings games either for large Hotels or for small Hotels.
- As arranger-songwriter, I made three albums for an Italian entertainment agency "PRENOTAZIONE OBBLIGATORIA", two albums for the entertainment agency TARGET ANIMATION, two albums for the agency "SOLENELVENTRE" and two for the agency "CLUB ANIMAZIONE", all of these containing the main song for all their resorts, completely written by me. Also, I made some other main songs for other entertainment agency. I've realized IN SUMMER 2004 also the album for "MINERVA RESORT" and "RESIDENCE CLUB HOTEL MAREGOLF". The songs were written, arranged, sung and recorded by me. In addition to this, I am also a songwriter. The genre of my music is various, from jazz to disco music, as needed ... or by the inspiration.
